

Stand up and be heard.

All municipalities are required to adopt Development plans by 30 June 2007 with your inputs!

Get Involved!

You have an opportunity to make your municipality work better by getting involved in the Integrated Development Planning (IDP) process. This exciting initiative by Government allows you to be part of the planning, budgeting and performance management of your local municipality.

Go on, get involved in promoting **good governance and accelerating** service delivery.

Visit www.dplg.gov.za to find out when the **Integrated Development Planning (IDP) process** will be taking place in your area.
